

Initiating a Deal in JobDiva

Beginning the Onboarding Process (Recruiting)

- Prior to initiating onboarding, **the recruiter** should be confirming/correcting candidate information.
 - [Confirming/Correcting Candidate Information](#)
- Once the candidate information is correct, **the recruiter** should be setting the start date and emailing users on the start.
 - [Setting the Start Date in JobDiva](#)
- **NOTE:** If the deal is a Direct Placement go to the Invoice Placement tab ([click here for instructions](#)).

GO

Completing Bill Side of the Assignment Record (Sales)

- Prior to onboarding, the **salesperson** should be confirming/correcting the following details on the job in JobDiva:
 - Job Title mirrors what will be on Consultant's Contract
 - Location is the correct work location
 - Contact is the correct manager
 - Remote/Onsite is correct
- Once the **salesperson** receives an [email](#) from JobDiva notifying them that the start record has been created, the **salesperson** should be going into Diva to complete the bill side on the assignment record.
 - [Completing Bill Side of Assignment Record](#)

Completing Pay Side of the Assignment (Recruiting)

- Once the **recruiter** receives an email from JobDiva notifying them that the bill side of the assignment record has been completed, the **recruiter** should be going into Diva to complete the pay side on the assignment record.
