Medical Insurance

Medical Insurance | Anthem Parasol

Preferred Provider Organization (PPO)

A PPO plan offers the freedom to receive care from any in-network doctor, specialist or hospital without a referral. You have a deductible to meet and once the deductible is met, coinsurance (or the cost share between you and the carrier) kicks in. The types of medical services that accumulate towards your deductible are inpatient hospital stays, outpatient surgeries, labs (blood work) and x-rays (MRIs, PET scans, CT scans, etc.). If you go to the doctor, see a specialist, utilize the ER or take a prescription drug, you'll pay a copay for those specific services. Copays do not accumulate towards your deductible but they do accumulate towards your overall out-of-pocket maximum.

High Deductible Health Plan (HDHP)

The HDHP is a high deductible PPO plan that provides health care benefits after the deductible has been met. All medical services, with the exception of preventive care, are paid for by you at 100%, less carrier discounts, prior to meeting your entire annual deductible. This includes routine office visits, procedures, lab work, prescription drugs, etc.

Special Note: for facility claims, there is a possibility that you might receive a balanced bill from your provider. If you receive a bill that is for more than your Explanation of Benefits (EOB) notes, please call the Concierge number on your ID card. That team will negotiate the bill on your behalf.

Parasol | Important to Know

How to Find a Provider

Go to anthem.com/find-care

'Search as a guest' and select 'National PPO (BlueCard PPO)' for the network option

Register for Your Leading Edge Medical Portal

This is your primary medical insurance portal and where you are able to access your claims information and other details about your plan.

Go to <https://mesa.leadingedgeadmin.com>

Click on 'Sign Up Now' and have your Member ID # available

Select Employee or Dependent; Enter email address, Identification Number (located on member medical ID card), and all other fields that have an asterisk (*)

Enter your desired username, password and security questions/answers

Electronically sign with date and once you are registered you will receive a confirmation email

What can you do in your portal? View plan summary, claims, review deductible details, obtain a copy of your EOBs, and request replacement ID cards

Register for Your Anthem Portal

This portal is to be used to find an in-network provider, utilize telemedicine services, and find tier/mail order information for your prescriptions.

Go to anthem.com and use your member ID number from your medical ID card to complete the registration steps.

Be Sure to Review Your Explanation of Benefits (EOBs) and Invoices

Make sure when you receive any medical bills that you have an EOB with the same "Patient's Responsibility" as what is listed on the bill or invoice from your provider. If the numbers do not match, you will need to call Leading Edge to notify them. Their contact information is on the back of your medical ID card.

Your medical plan utilizes the Savings Plus Program in order to reprice claims and get more affordable pricing. This process very rarely results in a balanced bill being sent by your provider. That is why it is important to review all invoices prior to paying your provider.

See the next page for more information on how to read your EOB

Explanation of Benefits | EOB

An Explanation of Benefits (EOB) is a statement from your health insurance company providing details on payment for a medical service you received. It is not a bill, but a breakdown of the services provided and how the costs are processed according to your Healthcare insurance plan.

This illustration describes sections of an SPP EOB such as member information, service dates, member responsibility, coverage and billing amounts, and procedure codes and descriptions.

Health Savings Account (HSA)

If you are enrolled in the HDHP Plan, you are eligible to contribute to a Health Savings Account (HSA)

The plan is comprised of two components:

1. High Deductible Health Plan
2. Health Savings Account (HSA)

The HDHP is a high deductible health plan that provides health care benefits after the deductible has been met. All medical services, with the exception of preventive care, are paid for by you at 100%, less carrier discounts, prior to meeting your entire annual deductible. This includes routine office visits, procedures, lab work, prescription drugs, etc.

The HSA is a bank account paired with your HDHP allowing you to set aside money on a tax-free basis to pay your out-of-pocket qualified medical, dental, and vision expenses throughout the year or in the future. You own the money in your HSA account and it is yours to keep – even when you change plans or retire. The funds roll over from year to year to be used when you really need them.

2026 HSA Contributions Limits

Tier	Maximum Annual Contribution
Employee	\$4,400
Employee + Dependent(s)	\$8,750
Catch-Up Contribution aged 55 and older	\$1,000

The tax-preferred status of your HSA contributions depend on a number of factors. For example, you must be enrolled in a qualified high deductible health plan. Also, residents of California and New Jersey are taxed on HSA contributions at the state level. State tax laws can change periodically, so you should consult with a tax advisor to confirm the tax treatment of HSA contributions in your state.

You're eligible for a health savings account if:

- You are covered by a qualified high deductible health plan (HDHP)
- You are not covered by any other medical coverage that is not considered a qualified HDHP
- You are not enrolled in Medicare (Part A included)
- You are not claimed as a dependent on someone's tax return
- You are not enrolled in a Medical Flexible Spending Account (your own or your spouse's)

Advantages to having an HSA

There's a triple tax savings benefit as contributions are not taxed going into the account, while they sit there earning interest or when they're taken out for a qualified medical expense

- You pay less in premium for this plan
- Unused funds rollover each year with no maximum on how much you can save and accumulate over time
- The account is portable so you never have to worry about losing the money in the account should you change between plans, retire or even seek employment elsewhere
- Your HSA can be viewed as a second means of savings for your retirement
- You control your healthcare spending and choose when to use your HSA dollars and when to save them
- You become a more informed participant in your healthcare and healthcare spending

Flexible Spending Account (FSA)

Flexible Spending Accounts (FSA) allow you to save money on a pre-tax basis to pay for qualified medical expenses and/or dependent care expenses you may incur throughout the year. The money you put into your FSA is done so on a pre-tax basis. This means you are lowering your taxable income and also not paying taxes when the money is used for qualified expenses.

Health Care FSA - You may contribute up to \$3,400 per plan year to pay for qualified medical, dental and vision expenses for yourself and eligible family members. Funds in this account can be used to cover all eligible expenses on your tax dependents even if they are not enrolled under your health care plan. Eligible reimbursable expenses include medical and dental plan deductibles and copays (if applicable), orthodontia expenses not covered by your dental plan, prescription drugs, prescription eye glasses and contact lenses, Lasik eye surgery and much more. You are only eligible to enroll in the Health Care FSA if you are enrolled in the Silver Plan. This is not available for those enrolled in the HDHP Plan.

Limited Purpose Health Care FSA - If you enroll in the HDHP plan and open a health savings account, you cannot enroll in the Health Care FSA, since you're already putting tax-free dollars aside to pay for qualified expenses. You may, however, enroll in the Limited Purpose FSA, which allows you to pay for eligible out-of-pocket dental and vision expenses. You can put up to \$3,400 into your Limited Purpose FSA for 2026.

Dependent Care FSA - Dependent Care Flexible Spending Account (FSA) is a pre-tax benefit account used to pay for dependent care services, such as preschool, summer day camp (for children under the age of 13), before or after school programs, and child or elder daycare. A Dependent Care FSA is a smart, simple way to save money while taking care of your loved ones so that you can work. You can contribute up to \$7,500 a year on a pre-tax basis to the dependent care FSA.

** There is a 2-year employment eligibility period before an employee is eligible to enrolled in either FSA benefit.*

401(k) Retirement Plan

Mitchell Martin offers a 401K program provided through Fidelity. All full-time employees, working at least 30 hours a week, are eligible for the 401k the first of the month following their first 30 days of employment. You may contribute to the 401K account on a pre-tax or post-tax basis. The maximum projected amount you can contribute for 2026 is \$24,500. If you are aged 50 or older you can make up to a \$8,000 catch up contribution for 2026. Starting in 2026, individuals who are 50 or older and earned more than \$145,000 in the previous year must make their catch-up contributions on a Roth (after-tax) basis. Upon eligibility, you are automatically enrolled in the 401K plan at a contribution rate of 5%.

You will receive additional information within your first 30 days of employment. If you've opted out of auto-enrollment but would like to begin contributing to the 401K, please reach out to HR, HR@mitchellmartin.com.

Just as health insurance helps protect you from healthcare costs, legal insurance helps protect you from legal expenses. If you enroll, you can consult with a panel of state-specific attorneys over the phone or virtually any personal legal matter as often as necessary.

How Does ARAG Legal Insurance Protect?

When the unexpected happens, having legal insurance can provide you with **protection** and **peace of mind**.

Work with a network attorney and attorney fees are **paid in full** for most covered matters.

We help connect you with attorneys – many who average 20+ years of experience.

Save thousands of dollars, on average, for legal matters by avoiding costly legal fees.

Address your covered legal situations with a network attorney who is **only a phone call away**.

Use DIY Docs® to create, edit and store **state-specific legal documents**, like wills or powers of attorney.

Your network attorney can help **throughout your legal matter**, including preparing and reviewing legal documents, offering legal advice and representing you in court.
